Philip E. Hatfield - Engineer

In 1937, Mr. Hatfield received an A.B. degree in Chemistry from Evansville College, Evansville, Indiana, and from 1937 to 1942 served as an Instructor in Chemistry at the College.

In 1942, he was employed as Main Laboratory Chemist at the Ohio River Ordnance Works, Henderson, Kentucky, during which time and until 1943, he served as an ESMWT Instructor in Radio at Evansville College.

From 1944 until 1946 he was employed at Radio Station WGBF, Evansville, Indiana, as Transmitter Engineer. In 1946 he was employed by Engineering Services, Inc., Evansville, Indiana, as radio technician in the construction and installation of radio broadcast equipment.

Mr. Hatfield joined the staff of Electronics Research, Inc. in November, 1948, and has been engaged in the development of servo mechanisms and associated equipment.
